📍 Haldwani, Uttarakhand

## LANGUAGES AND FRAMEWORKS

- C++
- C
- HTML5
- CSS3
- JAVASCRIPT
- REACT JS

## EDUCATION

### BSC MATHEMATICS

MBGPG College, Haldwani  
2019-2022

### 12TH

Gurukul International, Haldwani  
2018-2019

### 10TH

Gurukul International, Haldwani  
2016-2017

## PROJECTS

### HASHTAG BAKERY

hashtagbakery.in (link)

A website for Delhi-NCR bakery using react created a cart for the user and used and implemented the following concepts.

- React-Router-Dom
- Context API
- Lazy Loading
- Local Storage
- Hooks and props

### KK FOODS HALDWANI

kkfoodshaldwani.in (link)

A website for a Haldwani based restaurant using ReactJS.

### WEATHER WEB APP

weatherappfetchapi.netlify.app (link)

I created a project where we can see the real-time weather report of the different cities all over the world. The data is fetched from a free weather API website.

- Async Await
- Fetch API
- Event Listeners
- Session Storage
- Local Storage

### SPELL QUIZ

spellhornet.netlify.app (link)

I created a project where we can test English spellings, the voice assistant will speak the words and you have to write the words and the voice will respond accordingly.

- Speech Synthesis API
- Session Storage
- Local Storage

### PERSONAL PORTFOLIO

ankitsinghchauhan.tech (link)

I created my Portfolio Website using React JS to showcase my work I have completed so far.
